A statement showing the cost of printing 500 copies of the diary is appended. As the number of copies to be printed is small the cost of production will necessarily be high. In the case of Hood Co's diaries they are printed in large numbers & more with a view to advertisement than to make profit. Hence they are sold cheap. I have no objection to the giving up of the printing of the diary in the Govt Press and purchasing the same at a cheaper rate elsewhere.

Conditions have changed considerably since 1918 & as observed by the Supdt of Govt Ptg our cost of production is comparatively high owing to the limited no of copies printed. The Press has also enough of work to get this & I think the practice may well be given up with effect from next year. It is better that all departments are advised of the change - say - in Sept next.

SIR,

I have the honour to state that a bill for Rs.1[illegible] being the cost of 150 large size diaries supplied to the Revenue Department during the year 1922 received from the Superintendent Government Printing, has been returned to him duly countersigned.

2. I beg, in this connection, to invite reference to my letter No.C.4452 of 17-18 dated 19th June 1918, stating that diaries might be printed at the Government Press and supplied only, if the cost would be cheaper than or at least be the same as that of similar diaries that can be had of private firms. Considering that diaries suitable for our purpose can be had of private firms at 8 or 12 annas per copy (such as Hoos & Co's pocket & premier diaries), it is for the consideration of Government if the system of printing the diaries at the Government Press may not be given up and the old practice of permitting the Heads of Departments to authorize the purchase of the diaries required by the Officers of their Departments from private firms may not be reverted to as being more economical to Government.

I have the honour to be,

Sir,

Your most obedient servant,
